Water Cooler**

CaféBar Water Cooler

Café Bar Water Cooler will give you the pleasure of enjoying **gourmet coffee** made from our **PureWater**.

Plus having all the advantages & benefits of our original water mineralising & filtration system.

The 9-stage filtration system

Ceramic Filter

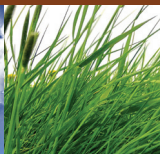

Can effectively remove rust, dirt & sediment particles of 0.2 micron and larger. Stops the propagation of bacteria eg: cryptosporidium & giardia.

Activated Carbon

Removes unpleasant odours & tastes. Creates fresh clean purified water.

Volcanic Rock & Mineral Stones

Restores natural trace minerals required by the body such as zinc, lithium, iodine, selenium, etc.

From **only \$15** per week
